FOR IMMEDIATE RELEASE

Foster College Expands Research Access Through TexShare Partnership

Dallas, TX - October 28, 2025 – Foster College proudly announces its official membership in the TexShare Card and Database Program, a statewide network that strengthens academic collaboration and expands access to research resources for institutions across Texas. This milestone underscores Foster College's commitment to academic excellence, innovation, and student success.

Through this membership, Foster College students, faculty, and staff now have free access to a robust collection of digital research tools and databases that support learning, teaching, and professional development. These include well-known academic platforms such as Gale, ProQuest, and LearningExpress Library—offering full-text journals, eBooks, practice tests, and skill-building tutorials across a wide range of disciplines.

“This partnership represents another significant step forward in expanding access to quality academic resources,” said Sharon McCollins, Librarian at Foster College. “Through TexShare, our students and faculty can engage with a world of research materials that inspire curiosity, elevate scholarship, and strengthen lifelong learning.”

TexShare, an initiative of the Texas State Library and Archives Commission (TSLAC), connects more than 700 libraries statewide, fostering collaboration and shared learning. Foster College's inclusion provides students with the same research advantages available at major universities, reinforcing its mission to equip men and women to live, serve, and lead with Godly influence and impact.

Access to the TexShare Databases is available through the Foster College Library or via Oasis LMS using Foster College credentials. Visit foster.edu/library or log into Oasis LMS to explore resources from Gale, ProQuest, LearningExpress Library, and more.

About Foster College

Foster College (*formerly Southern Bible Institute & College (SBIC)*) has been a beacon of biblical education and spiritual development since its founding in 1927. Located in Dallas, Texas, Foster College is committed to equipping men and women for ministry, the marketplace,

FOSTER COLLEGE

community service, and leadership roles through its Christ-centered academic programs. Offering both collegiate and non-collegiate education, this college provides a diverse range of undergraduate certificates, associate degrees, bachelor degrees, and continuing education opportunities designed to meet the needs of today's students. Dedicated to academic excellence and spiritual growth, Foster College provides a supportive, multicultural learning environment that prepares graduates to serve with integrity, wisdom, and a deep understanding of God's Word.
